Probably the most authentic fruit machine simulation available on computer. I am sure you are only too well aware of the addictive qualities of "one arm bandits". I am also sure you are aware of the phenomenal amounts of money that are lost. This game offers the same thrill and addictivity of the real thing without the expense. The program includes nudge feature, hold facility, super series win spin, mystery win, back spin win, and random drop win, collect and gamble. It gives all the facilities offered on the latest "bandits".

★ A must for the bandit player

★ Super playability

★ Addictive

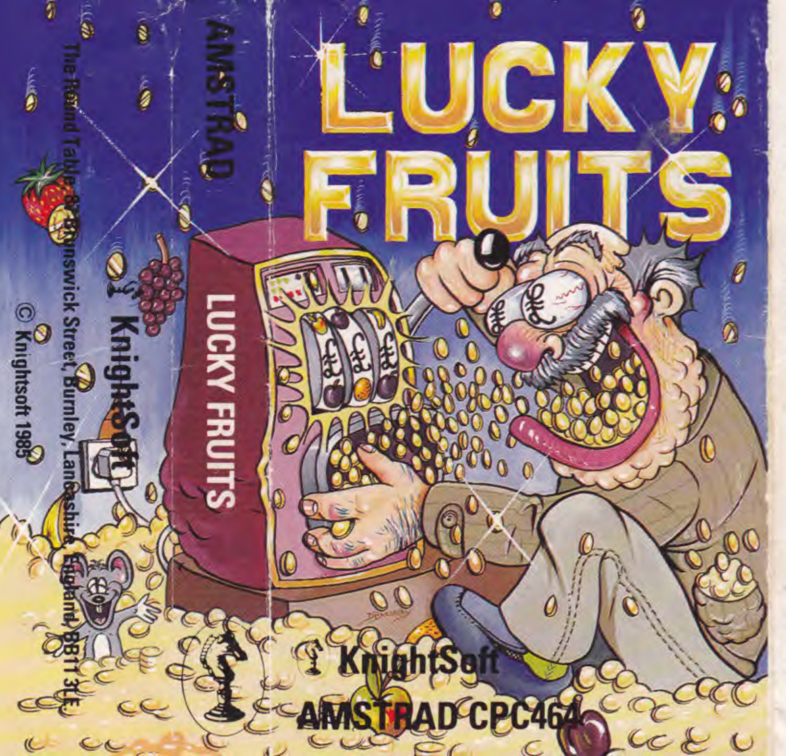

★ High resolution graphics

★ Smooth animation

★ Up to date fruit machine facilities

★ Superb graphics
